Darn Knit Spiral Hat

By Aimee Pelletier

The perfect 1 skein hat
pattern for the little one
in your life. Easy peasy!

Instructions

CO 60 sts, join in the round being careful not to twist the work.

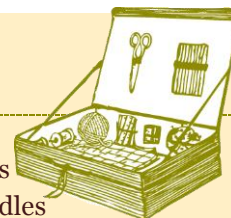

Knit 4 rounds (this will make the edge roll up)

Here comes the trick. Don't bother marking the start of the round. Just yarn over, knit 2 together...until the hat is the height you want (4-5"), then k2tog until you have about 7 or 8 stitches left, cut the yarn and weave through the last remaining stitches. Cinch up and weave in ends.

To make this bigger...just add stitches to the cast on. Just make sure to increase by an even amount!
