

Building Block Series 2026 Information Session

Building Block Basics Class

Knit a blanket, one square at a time. This is a great class for an adventurous beginner who wants to improve their skills. Starting with simple knits and purls, each block focuses on new stitches and techniques that “build” on the previously learned skills! You’ll walk away from this year as a much more confident knitter.

NOTES:

Building with Lace Class

Knit this elegant shawl, one lace pattern at a time. The shawl is designed in a specific sequence of stitch patterns that introduce knitters to lace work starting with the basics and working towards more difficult stitch patterns. This class is great for more advanced or adventurous knitters who want to challenge themselves!

NOTES:

Granny Square Deck Class

Explore different ways to make a granny square. We are going to work our way through "The Granny Square Card Deck" over the next year. We will break down the deck to a few cards per month and build our crochet skills. Each class we will go over how to read the charts of the selected cards. Pick and choose your favorites. We will learn how to crochet with more than one color in a round, mitered squares, cluster stitches, puff stitch, V stitch, popcorn stitch, raised double treble front, picot, and increases. We start with the basic granny square. Each granny square measures about 4 inches. Great for adventurous beginning crocheters!
